

Hymns are sorted according to the Church's liturgical year.

30.

Adoro te

The hymns are indexed. Just flip to the back to find the right page number.

The gregorian chant is newly typeset - not photocopied.

The english translation runs under or alongside the latin for easy reference.

Many translations are singable too, often to the same tune.

Chant predominates, but this book also contains rounds, carols and polyphonic pieces in conventional modern notation. Something for everyone.

The treasure of sacred music is to be preserved and fostered with very great care.

— Sacrosanctum Concilium,
Vatican II

Free mp3 recordings of the hymns can be found on the internet. See the contents list of the hymnbook's web page for links.

www.brandt.id.au

Veronica Brandt is a mother of four who started typing hymns for a local catechism class and has not stopped yet. Her religious education was strongly influenced by hymnbooks and she hopes to perpetuate this informal evangelisation.
